- ✓ Comprehension

Math: Addition Facts, Subtraction, Counting
by 10's

Bible: Practice Reciting Psalm 139:1-4

highlights

Excellent job raising support with Fun Run! Kindergarten was well represented on Saturday morning. Thanks for coming and all of your hard work!

The Roberts are hosting a bonfire on Thursday evening. If you can come, please bring some chocolate for smores...mmm! ☺

Please save box tops. Classes will begin competing soon!

Thank you for signing up to join me for a lunch meeting. Any Tues-Friday in the next few weeks is fine ☺

A Note from Mrs. Nabors...

The kindergartners are learning very well, and they are beginning to identify phonograms in words. The phonics will lead into to spelling after Christmas. Reading comprehension is a critical skill we will develop all year. Reading at home is the best practice! We are practicing identifying nouns, verbs, compound words, high frequency words, and counting syllables. Great job with the math homework; we are starting subtraction and continuing addition facts. Our new word of the month for November and December is Stewardship/Service, and the Composer is George Frederick Hadel. Thanks for reading, and have a great week ☺ Mrs. Marie Nabors
